

The Next Generation Shaklee

Shaklee Leader's Testimonials

"The computer industry has Bill Gates; the financial industry has Warren Buffet, the Network Marketing industry and SHAKLEE now have Roger Barnett. Roger Barnett has done the math. He knows that 1+1=3. His vision of Perfect Alignment + Shaklee = Perpetual Accelerated Momentum. If you could see what we see and feel what we feel, you wouldn't be able to sleep either!"

Edward & Jill Lamoureux, Master Coordinators, NH

"Roger Barnett is a true leader -- you see this through the quality of his actions and the integrity of his intent. Roger looks for the best in others, and gives the best of himself. In my 24 years in business, I have not met anyone like him, and it is an extraordinary privilege for me to be part of Shaklee at this moment in history. Roger has set a powerful vision for our future, defined our goals, and has brought vivid clarity to our future which is now full of possibility. Great companies are defined by visionary leaders --we are lucky to have had two -- Dr. Forrest Shaklee and now, Roger Barnett. This is the beginning of a new day for Shaklee, and it is time for us to create our future!"

Cindy Latham Senior Vice President Research & Development and New Product Management

"Roger's talk on Saturday morning was the greatest example of leadership I have ever personally witnessed. Everyone should have the opportunity to hear him so they can feel his passion, confidence and expectations of our future in this business. In my 34 years in Shaklee we have never had the opportunity to be led by a leader of this man's ability. I expect the growth over the next few years to be more than we have ever experienced in our past. It is going to be an incredible ride for those of us who decide to follow his lead. The ride has started and I want to contribute. I will contribute."

Gary Burke, Master Coordinator, MN

"April 2004 will forever mark a momentous milestone in Shaklee's history. Our new owners, Roger Barnett and his family, represent all that is good in Shaklee. His moral compass, business acumen and gracious personality would make Dr. Shaklee proud. We know all of Shaklee will feel the same way when they have opportunity to see and hear him. We all left the meeting planning for an incredible next 50 years!"

Priscilla and Dean Smith, Master Coordinators, IL

"The power and enthusiasm emanating from this weekend was palpable. What does that mean for you? It means that Shaklee is about to explode in a phase of exponential growth! Success in this industry will be synonymous with the word Shaklee, and that will affect every single Shaklee entrepreneur who takes advantage of this exponential growth phase. If you want to ride the crest of that wave, the time to start is NOW!"
